Dear benefactors/benefactresses,

St. Vincent de Paul Centre, Umuafai

St. Vincent de Paul Centre Umuafai, started by Arch Bishop Lucius Ugorji, the then Bishop of Catholic Diocese of Umuahia, is for children with various disabilities. Presently the home is filled up with 43 males and 14 females with different mental and physical challenges (Epilepsy, Autism, Down syndrome, Crippled, Hearing impaired etc)

The workers are 35 in number (Caregivers, Gardeners, Driver, Security men Cleaners and Teachers).

The most pressing needs of the Centre are:

- ✓ Lack of light in the Centre – 2 batteries of our solar energy are spoilt and are not yet replaced due to lack of fund.
- ✓ Some of the children are sick as a result of malnutrition
- ✓ Lack of bedding facilities – the bed itself, some are sleeping with their foams on the floor.
- ✓ All our computers are not functional and also out dated.

The children will be happy if these pressing needs are provided.

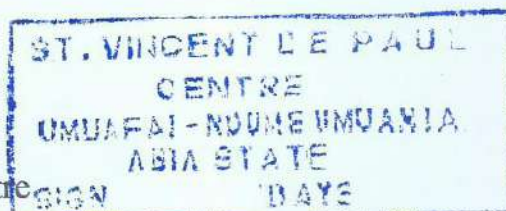

Thanks a lot for your anticipated generosity.

Yours sincerely

Sr. Gertrude Ukanwoko

Coordinator
